Report of Principal and School Improvement Council

North Pointe Elementary is the culmination of a building program that has encompassed 18.8 million dollars out of a bond referendum throughout Anderson School District Five. We are located on highway 81N, approximately 3 miles from the city limits of Anderson, South Carolina. Built in 2012 and occupied on August 6th, North Pointe is a two-story facility with 134,038 square feet sitting on almost 37 acres. The school houses 41 classrooms, 12 small tutorial spaces, 5 labs (2 PC, 2 iMac labs, 1 science lab), a full size auditorium, gymnasium, cafeteria and a grand Learning Commons. The school opened its doors in August serving approximately 330 students primarily from two other schools within the district but also held open registration for "school choice" to any student who wished to apply.

Since this is the school's first year in operation, the School Improvement Council along with our PTO worked to gather information and establish a culture with rich traditions. We began our year with a school-wide picnic where we began getting to know each other. Along the way, we elected our first student government. The student body named our school mascot-we are the Panthers. And we held many family friendly activities such as "Milk and Cookies with Santa", Spring Fling and various movie nights. Our staff sponsored afterschool clubs that enriched the lives of our students. We offered a running club, volleyball club, art club and chorus. Plans are already underway through PTO and SIC to expand the offerings and allow a larger participation group this next year.

For posterity's sake, our student council researched and gathered items that exhibited their interest and artifacts that incorporated their "likes" of today to place in our time capsule. The school-wide ceremony took place on May 31st led by our student body president and our school superintendent. The plan is to open the time capsule when the current group of kindergarteners graduates from high school. The year will be 2025. We administered our first PASS assessment this year. The faculty and staff pulled together to assist all students through morning and afternoon review sessions. We look forward to celebrating the successes our children will obtain and looking for ways to make improvements.

ESEA/Federal Accountability Rating System

In July 2013, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/eSEA/> or request this information from your child's district or school.
